Youth Instructional Lacrosse Registration Form

Epic Sports Center Youth Instructional Program®

The philosophy of the Epic Sports Center is to bring a quality youth instructional lacrosse program to the W.N.Y. community. We provide an experienced and personable staff that creates both a fun learning environment and a solid foundation for our youth players. The skills of passing, receiving, cradling, shooting, defending the ball, and field positioning are taught and can be utilized by both the novice and intermediate player. The first half of practice introduces a new skill set; the second half of practice uses scrimmages and real-game scenarios to further develop players' skills. Classes are held Sunday mornings or early afternoons by the Epic Sports Center's friendly and professional instructors. Mouth guards are required; plastic legal sticks only, max. length of 42"; full equipment and protective eyewear are recommended. This is intended to be a limited-contact, non-physical youth instructional clinic.
